WHY BUY HARBEN?

LEGENDARY RUN-DRY PUMP TECHNOLOGY

Harben's true run-dry diaphragm pump delivers unmatched reliability, allowing operators to run the pump without water for extended time without risking damage, something traditional triplex pumps can't offer.

GUARANTEED POWER AND PERFORMANCE

Harben power delivers a range of configurations engineered to tackle the toughest blockages. A gearbox-driven pump enables optimal pump speed while maintaining high torque under load.

MORE JOBS, LESS DOWNTIME

With 300-hour service intervals, Harben delivers a lower total cost of ownership and more profit over the life of your machine—no blown seals, no ruined pumps, just reliable performance that keeps your revenue rolling and your backlog shrinking.

USA-BUILT CRAFTSMANSHIP

Harben jetters are manufactured in the USA, combining skilled craftsmanship with accessible support and proven reliability you can count on in tough working conditions.

INDUSTRY LEADING WARRANTY PROTECTION

A full 2-year warranty is available on most units, providing protection well beyond industry standards. It reflects a commitment to long-term reliability, helping ensure your jetter keeps performing, and earning, for years to come.

BUILT-IN ANTIFREEZE SYSTEM

Designed for cold conditions, Harben's antifreeze system helps protect critical components, minimizing freeze damage and helping keep your jetter ready to work year-round.
