**Photos may include optional features that are not a part of the standard build and are available at an extra charge.

► **Protected All Year Long**
Your unit is fully enclosed, shielding it from rain, snow, and harsh conditions—so the elements never slow you down. With this built-in protection, you can say yes to jobs in every season.

► **Compact Without Compromise**
Lightweight design fits in your van, but delivers full-scale jetting performance with proven Harben reliability.

► **Real Support, Nationwide**
Hands-on help, honest answers, delivered straight from a team that stands behind every Harben out there—backed for two full years, and by a culture that says, “Harbens don’t quit. And neither do we.”

► **More Jobs, Less Downtime**
300-hour service intervals. No blown seals, no ruined pumps. Keep your revenue rolling and your backlog shrinking, not growing.

BUILT TO OUTLAST. READY WHEN YOU ARE.

Harben VanPack Jetter

Delivering big power, smart capacity, and proven reliability.

► Purpose-Built for Sewer & Drain

Designed from the ground up for the toughest jobs — not a retrofit or compromise. The Harben radial piston diaphragm pump runs even when dry, delivering unstoppable jetting power to clear blockages up to 18" wide.

► No-Excuse Reliability

Decades of proven performance in the field. With up to 4,000 PSI at 18 GPM, the Vanpack's Run-Dry pump and integrated antifreeze system ensure consistent pressure and all-season readiness, so downtime never slows you down.

► Made For the Long Haul

Built right here in the USA, covered by a tough-as-nails warranty, and supported by a team that answers the phone when you call.

"It's unstoppable! We've had our Harben jetter for 22 years, and it's unstoppable. The staff have offered great support every time."

— Matthew Zurn, Zurn Plumbing
